

Untitled (5 videos, 1 notebook and 1 picture)

Untitled consists of the juxtaposition of a series of fragments that operates in succession, that stares and stops in concrete objects or in the absence of these. A spider thread, a saturated light, a streetlight in the night all of them constitute a set of allegories which want to petrify the fleeting moment. This moment which will be followed by another and another, but will never be the same.

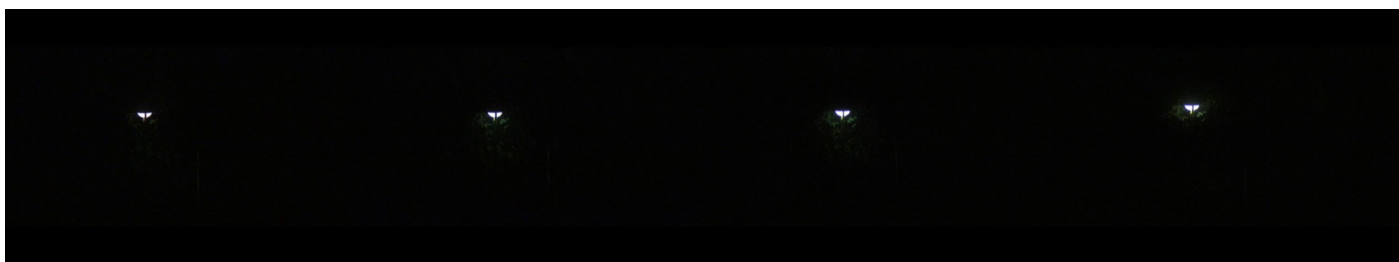

stick between strings. 2010, 1'18" dvd_pal / color

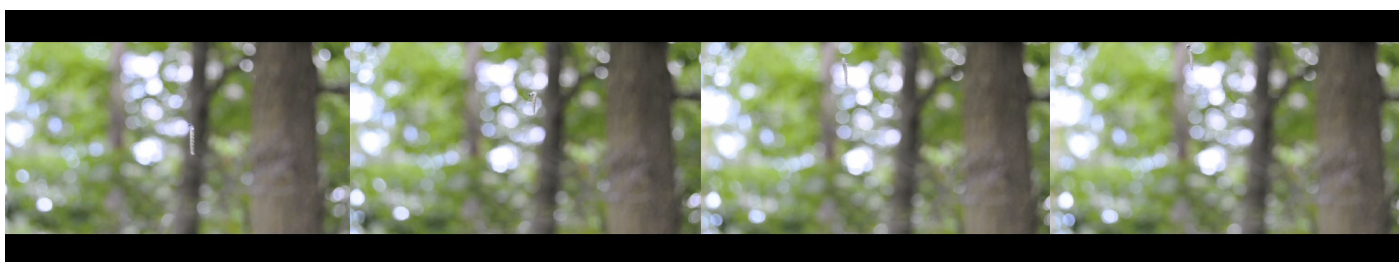

threat that the wind moves between branches. 2010, 0'57" dvd_pal / color

light that hugs the tree and disappears bench. 2010, 2'24" / dvd_pal / color

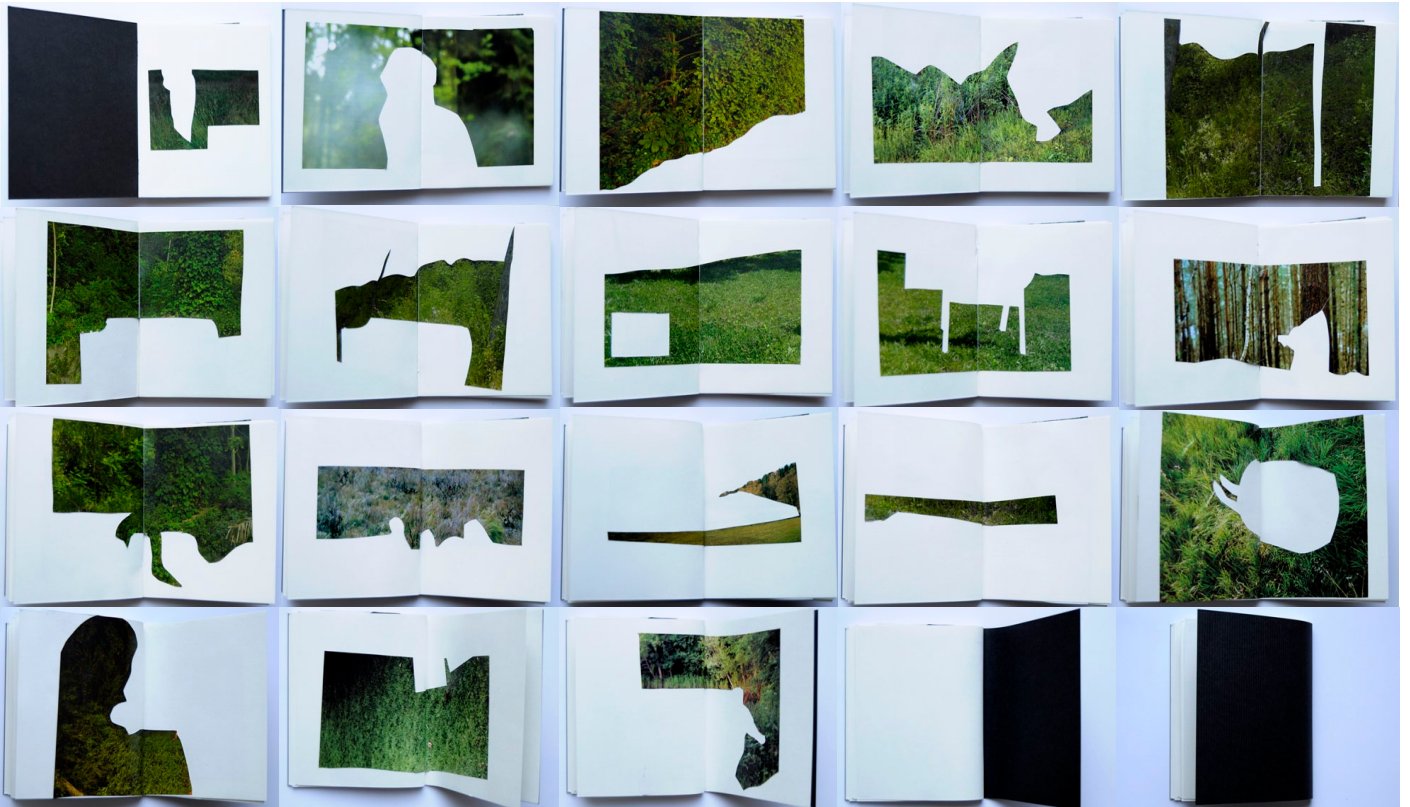

streetlight illuminates leaves 2010, 3'35" / dvd_pal / color & sound

threat and worm. 2011, 0'43" / dvd_pal / color & sound

2010, intervention in picture/ 26,6x18,4cm
